NOTES FROM THE CHAIR

Dear NESCC Members and Friends,

I hope everyone is enjoying the beautiful fall weather we have been having. It has certainly been great football weather and great to see the Patriots cruise on to 7-0! We are coming off our educational seminar, which was a great success and would like to thank Bob Lockhead for the excellent presentation he gave on emulsions and thickeners.

Coming up on November 19th the NESCC will be hosting a dinner cruise in Boston harbor! This is poised to be a great event. Boarding is at 6pm and we will be out in the beautiful Boston Harbor for a three hour cruise. Please visit our web-site for more details and registration for this great event.

During the cruise we will be initiating our officers for 2016. I am happy to announce Pat Clark will be Chair and Kathy Rainone will be chair elect for 2016. I would like to thank all the members that ran for office and have dedicated their time over the year. Thank you and I hope to see you at the dinner cruise in a couple of weeks.

Warm Regards,

Andrew J. Slesinski

EMPLOYMENT OPPORTUNITIES

Spartan Brands Inc., a leading developer, manufacturer, and distributor of innovative, high-quality personal care products has an immediate opening for a Principal Formulation Chemist in our Manhattan, NY lab. If you are up for a challenge and have the R&D experience we are looking for, this could be a great opportunity for you!

Responsibilities include:

- Hands on creation and development of a wide range of new and innovative personal care products including skin, hair, and body.
- Troubleshooting formulas as well as continuous improvement of existing formulas and process. Scale up, Stability and certain regulatory aspects.

What you need to be successful:

- 5+ years of senior level experience developing products with formulation knowledge in various forms (e.g. emulsions, serums, gels, dispersion, and the like).
- BS/BA degree in chemistry or a related science.
- Be a self-starter with a high level of initiative.
- Strong ability to manage multiple projects in a fast paced environment
- Be able to proactively monitor, investigate, and resolve issues related to formula stability, micro, and safety.

In-depth experience managing product development from inception, through testing, scale up and transition to manufacturing.

Total Compensation: EXCELLENT base pay. Bonus. Full benefits.

If you thrive on innovation, Spartan is a great place to grow your career.

Please email your resume to Eli Motovich at emotovich@spartanbrands.com

EMPLOYMENT OPPORTUNITIES

Formulator - Chemist

Precise Packaging

Fall River, MA
